PROFESSIONAL EXPERIENCE

Software Engineer | Payoneer | Aug 2024 – Apr 2025

- Developed a modular **insurance dashboard** for plan management (renewals, upgrades) in close collaboration with design and product teams.
- Integrated **Payoneer payment gateway** into Skuad platform for all hired payoneer contractors.
- Built new features for the **help request system**, streamlining complaint handling and follow-up flows with support operations.
- Automated **form-to-Excel syncing workflows** to enable non-technical teams to manage and generate dynamic forms without code.
- Delivered **multi-step onboarding/offboarding forms**, Monitored frontend **performance metrics** and **error tracking** using **Datadog**

Frontend Developer | Skuad | Jul 2022 – Aug 2024

- Shipped a high-impact, responsive **payment checkout flow**, translating Figma designs.
- Built **insurance** and **employee onboarding flows** with dynamic GraphQL APIs and multi-step form logic, rewrite whole **offboarding and leave tracking modules**
- Maintained a shared **UI design system** using MUI, and common **form creator**.
- Automated **UI testing** (Jest, Virtuoso), handled **ACL-based UI access**.
- Worked in Agile sprints, led **code reviews**, enhanced shared **React component libraries**, including dynamic tables, **theming systems**

Software Developer Intern | Ques10 | March 2022 – June 2022

- Designed user flows and implemented **JWT-based authentication** for secure access, integrated **REST APIs** and developed features for user profiles and **gamification (reward system)** with **Celery** and database schema design.
